Join us for an afternoon of cornhole, bocce ball, lunch, and community networking. Come out to meet new members of the Charleston area community with physical and sensory disabilities. This casual, fun, outdoor event is designed to help us network together and share information about opportunities and resources offered in the greater Charleston area.

This event is free for all families that include a member who has a physical or sensory disability. Everyone must register so we will know how many lunches and how many games to bring.
